Princeton Program in Political Economy

The field of international political economy gained prominence in the early 1970s — when the Arab oil embargo and other crises ended the postwar era of virtually unhindered economic growth in the United States and Europe — and today is an essential part of both political science and economics. This book offers the first comprehensive examination of this important field's development, the contrasting worldviews of its American and British schools, and the different ways scholars have ...

International Political Economy | Princeton University Press

The Princeton Program in Political Economy is designed for students who seek to engage in scholarship at the intersection of the two disciplines. It enables students in the Department of Economics or the Department of Politics to supplement their disciplinary training with relevant study in the other department and to engage in specialized work in political economy.
