I contacted Adcom and they upgraded my 740 to a 750 for \$100. While this isn't a great deal of money, I really felt like the upgrade should have been completely at Adcom's expense. I am very happy with the 750, but would recommend avoiding the GTP-740 like the plague. Caveat emptor!

I recently received the GTP-750 from Adcom after two GTP-740/DTS units died on me. Adcom "upgraded" my '740 for \$100. I really felt like it should be free. The GTP-750 is a definite upgrade from the 740. The sound is warmer and more neutral. The noise floor appears to be much lower in the 750 than the 740.

The sound is way smoother (I will admit I had a bad GTP 750 and Adcom cust. service was NO help) It has a warm tone that made my DQ10s sound like they are new. I am using the GFA 7400 as my amp and the GTP 760 can go full tilt and there is no clipping.
