Africa After The Cold War

Against the background of these structural changes the effects are examined of the end of the cold war on three specific areas, which profoundly effect Africa's current political, economic, and social development: (1) the international environment within which African states operate; (2) the effects of structural change in this environment on the evolution of African political systems; and (3) the consequences of the changes for continental and regional security and the prevention or ...

liberation movements encountered and manipulated Cold War interests on the African continent from the early 1960s to the late 1970s. It focuses on three main case studies: the first Congo Crisis during and after the decolonization of the Congo from 1960 to 1965; the competition between the Soviet Union, the United States, and China for influence in the late decolonization of southern Africa in the 1970s and 1980s; and the shifting ...

Africa and the Cold War - A Companion to African History

...

After the fall of the Berlin wall and the end of the Cold War, Mobutu and many of his fellow presidents in Africa lost their relevance for the west, and all of a sudden (with the speech of President Mitterand on the Summit of the French-speaking countries in La Baule, in June 1990 as an important milestone) the western countries pressurised their African allies to democratise and to respect fundamental human rights.

Southern Africa in the Cold War. ... At the end of the Second World War the southern African region, with the major exception of the Union of South Africa, was firmly under colonial rule. Britain retained responsibility for the three High Commission territories – Basutoland, Bechuanaland and Swaziland – and exercised formal control over ...

Southern Africa in the Cold War | History Today

After World War II, the tension between communist and democratic forms of government strained relations between the Soviet Union and the United States and provided the ideological underpinnings of the Cold War. These tensions almost boiled over into full on conflict several times, especially as nuclear arms proliferation and testing advanced rapidly during the late 1950s and early 1960s. Both ...
