## **OTC Daihen AX-V6 Robotic Welding Systems (#3401)**

The AX-H3 arc welding robot is designed to reduce the amount of required space. The smaller, compact design of the AX-H3 provides a smaller working envelope than con-ventional robots, as well as a smaller required safety area. By reducing the amount of space required, you get more manufacturing space for other systems. Increase Your Productivity

## **Draft Version - All specifications and features are ...**

The 6 axis industrial robot Almega AX-V6 by OTC Daihen features a max. payload of 6 kg and a max. work envelope of 1402 mm. It is a very pupular welding robot mountable on floor, celing and wall. The AX-V6 is built to perform without vibrating. Although it is sturdy in design, it is also very slim. This helps when it comes to hard-to-reach parts.
