A mysterious football accident sends a high school reeling in this award-winning multimedia-format novel from Tommy Greenwald Thirteen-year-old Teddy Youngblood is in a coma, fighting for his life after an unspecified football injury at training camp. His family and friends flock to his bedside to support his recovery—and to discuss the events leading up to the tragic accident. Was this the inevitable result of playing a violent sport, or did something more sinister happen on the field that day? Told in an innovative multimedia format combining dialogue, texts, newspaper articles, interview transcripts, an online forum, and Teddy's inner thoughts, *Game Changer* explores the joyous thrills and terrifying risks of America's most popular sport.

"saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Relates the story of a U.S. airman who survived when his bomber crashed into the sea during World War II, spent forty-seven days adrift in the ocean before being rescued by the Japanese Navy, and was held as a prisoner until the end of the war.

constructs in economic behavior. Given the debate on preference invariance and behavioral consistency across contexts and domains, the papers in this topic shed light on the existence and effect of stable sets of idiosyncratic features on economic decision-making. While the effects of personality and cognition on economic decisions remain under-explored, the papers contributed in this topic offer more than a stimulus for further research. The general message could be that personality and cognitive processes offer the stable idiosyncratic ground on which individual decisions are made.
