My vision is that when
I fly up and down the
state of California I
see every available
space blanketed with
solar.... That is my

Online Library Circuit Breaker

Goal.-California

Governor Arnold

Schwarzenegger,

October 23, 2008

We know that the country that harnesses the power of clean, renewable energy will lead the 21st century.... We invented solar technology, but we've fallen behind countries like

Online Library Circuit Breaker

Germany...It is time
for America to lead
again. -President
Barack Obama,
February 24, 2009
The
looming threat of
global warming may
be the greatest
challenge of the
present generation.
Confronted by the
potential of such a
massive worldwide
calamity, the average

Online Library Circuit Breaker

citizen often wonders what he or she can do. In this inspiring and optimistic story of a green revolution in the making, veteran science and technology journalist Bob Johnstone shows how the unrelenting efforts of a small band of grassroots activists have discovered ways to make solar a

Online Library Circuit Breaker

practical retail energy solution. The crucial driver for the adoption of solar energy has not been technology but policy. Focusing on initiatives in Germany, he describes the use of the feed-in tariff as the most successful policy mechanism yet invented to spur on widespread

Online Library Circuit Breaker

Deployment of solar energy. Turning to California, Johnstone reviews the efforts of policy wonks to create new schemes to make solar affordable at the municipal level. Pioneers in both tree-hugging Berkeley and golf-playing Palm Desert have united in common cause, and other towns and cities

Online Library Circuit Breaker

are planning to follow suit. As with other emerging trends, as California goes so goes the rest of the country. Concluding with a positive view of the future, Johnstone describes the creativity of many startups fueled by venture capital. Innovation is being applied to every part

Online Library Circuit Breaker

of the process, from silicon production to financing and installation. The details may still be uncertain, but there's no doubt that the solar revolution is underway.
