This book presents WHO guidelines for the protection of public health from risks due to a number of chemicals commonly present in indoor air. The substances considered in this review, i.e. benzene, carbon monoxide, formaldehyde, naphthalene, nitrogen dioxide, polycyclic aromatic hydrocarbons (especially benzo[ap]pyrene), radon, trichloroethylene and tetrachloroethylene, have indoor sources, are known in respect of their hazardousness to health and are often found indoors in concentrations of health concern. The guidelines are targeted at public health professionals involved in preventing health risks of environmental exposures, as well as specialists and authorities involved in the design and use of buildings, indoor materials and products. They provide a scientific basis for legally enforceable standards.

L'enseignement en BEP Carrières sanitaires et sociales et en CAP Petite enfance est axé sur une pédagogie concrète à partir de situations professionnelles. Aussi les cours de travaux dirigés s'appuient largement sur des exercices et des études de cas à résoudre. Cette pochette de fiches détachables est parfaitement adaptée au travail personnel et à des évaluations. Correspondant au référentiel de biologie et microbiologie, elle offre des " fiches-cas " regroupées en grandes parties thématiques permettant de se repérer facilement. Chaque fiche-cas comprend : • des schémas et des illustrations à compléter pour vérifier l'acquisition des connaissances ; • des études de cas pour se mettre en situation ; • des textes pour développer les capacités d'analyse et de réflexion. Riche et complet, cet ouvrage s'impose comme l'outil indispensable pour l'apprentissage de la biologie et de la microbiologie en BEP Carrières sanitaires et sociales et en CAP Petite enfance.

The practices of beauty -- A market for beauty -- Advertising beauty -- Maligning beauty -- Domesticating beauty -- Selling natural artifice -- Selling the orient -- Selling masculinity.

Includes section, "Recent book acquisitions" (varies: Recent United States publications) formerly published separately by the U.S. Army Medical Library.
