At the climactic close of the TV series of Star Trek Deep Space Nine the forces of the Federation and their allies finally overcame the Dominion invaders and averted the threat of totalitarian rule. And yet ... the future of the Alpha Quadrant is by no means as safe as it seems. Deep within the bowels of Deep Space Nine is a secret that has been kept for seven years. When it is uncovered the very heart of the Federation will be ripped apart, succeeding where the shapeshifting Founders failed. The destruction of the Federation is at stake. Only the crew of Deep Space Nine can stop it - but will they be in time?

Captain Sisko is trapped on the Defiant while an apocalyptic war rages outside between the Prophets and the Pah-wraiths

The True Reckoning is only seconds away, and only the crew of Deep Space Nine can prevent it from happening. But the Pah-wraiths and their followers, Gul Dukat and the merciless Grigori, will do anything to stop them. Does the answer lie within the realm of the Prophets, opponents of the Pah-wraiths from time immemorial? Or is the real answer hidden in the fact that nearly seven years ago, a Ferengi barkeeper was not killed by the Cardassians?

Welcome, Emissary. As Benjamin Sisko picked his way over the wreckage that was his new command, a thousand questions, countless problems, dire reports, and the soon-to-be-familiar harangue of the Bajoran Liaison Officer clamored for his attention. From the shadows, a monk stepped out and greeted him. With all that had happened, it is no small wonder that Sisko took that greeting and relegated it to the back of his mind. Six years have passed. Despite the recent retaking of Deep Space 9™, it seems that the Federation is losing the Dominion war. As commander of a front-line post, Sisko focuses on the war effort, paying little attention to the latest rumor. "The fabled lost Orbs of the Prophets have been recovered. Legend holds that these orbs are the key to unlocking a second wormhole -- a second Celestial Temple." In war, sometimes the little things you don't notice are your undoing. Now Benjamin Sisko, a man of science and a Starfleet officer -- and also the Emissary -- is swept up in the ultimate war of good versus evil. Every decision he makes draws him, his family, and his crew into the abyss. Faced with the possibility that he alone must decide the fate of life in the galaxy, Captain Sisko must unlock the truth behind the fabled Orbs of the Prophets or the future, the past, and even the present will wink out of existence!

Continuing the Deep Space Nine saga—an original novel from New York Times bestselling author Judith Reeves-Stevens! Now begins the final battle of the Prophets and the Pah-wraiths within the nightmarish realm of nonlinear time—as the greatest epic adventure in the saga of Deep Space 9™—reaches its staggering conclusion... As predicted in ancient Bajoran texts, the Celestial Temple has been restored, ending normal space-time existence for all except Captain Benjamin Sisko and those trapped on the Starship Defiant and the Klingon warship Boreth. But as apocalyptic war rages between the Prophets and the Pah-wraiths, one last chance for survival beckons—a return to Deep Space 9. Yet, in the realm of nonlinear time, it appears that there are two possible times at which Sisko and his allies can turn to the station: on the day of the Cardassian Withdrawal, or on the day six years later when DS9 Was destroyed. But which choice will lead to the triumph of the Prophets? And which to eternal victory for the Pah-wraiths? With time literally running out and the fate of the universe in his hands, Sisko now must confront his own personal inferno—in order to change the past and restore the present, he must be ready to make the ultimate sacrifice...his future...

Following the publication of Deep Space Nine tenth anniversary books RISING SON, THE LIVES OF DAX and THE LEFT HAND OF DESTINY, PROPHECY AND CHANGE is an anthology of original stories celebrating the television series. Authors include Andrew J. Robinson, who played the mysterious Garak throughout Star Trek: Deep Space Nine, and whose novel A STITCH IN TIME was the bestselling Star Trek fiction of 2000. Star Trek: Deep Space Nine is justly acclaimed for its storylines, its characters -- including the large and varied cast of supporting characters, many of whom became favourites with Deep Space Nine fans -- and for the fact it was never afraid to examine some of the darker corners of the Star Trek universe. The stories collected here pay tribute to all those distinctive elements that made Deep Space Nine unique.

A boy looks up. He sees a Cardassian's hand on his shoulder and knows that this is usually a prelude to a beating or, if he is fortunate enough, arrest. The boy knows how many disappeared during the Occupation of Bajor. So he does the one thing he can think of: he bites the Cardassian. Then the nightmare begins. He is ripped from the family that took him in as an orphan, clothed him, fed him, always loved him unconditionally. And no matter how earnest, how caring the commander of Deep Space 9 is, the boy knows this is all a horrible mistake. How can someone from Starfleet judge him by what he looks like, not by what he is? He prays to the Prophets: he is Bajoran. They all keep telling him that the test proves the large Cardassian man is his father, that the other Cardassian -- that oily gul -- took him away from his father. But the boy keeps telling them that he is Bajoran, he only wants to go home with his father. So they send Rugal home -- to Cardassia. On the homeworld of the Cardassian Union where sacrifice and devotion to the state are surpassed only by the government's need to keep its people in check, one very lonely boy discovers that if he doesn't resist, his life -- like those of so many others -- will be added to the tally of the never-ending sacrifice.
