Terre. Pollution, 99,999%. Dans un temps où les automobiles dominant la planète, vivent les frères VIP, issus d'une souche glorieuse de super-héros dont le but a toujours été de protéger les opprimés. Supervip est beau, fort et invulnérable, tandis que Minivip est peu gâté par la nature, faible et vulnérable. Très loin d'eux, sur une planète nommée Sparky, sévit Sa Fertilité, qui depuis des années, a contribué à polluer la Terre afin de pouvoir y faire éclore 500 000 de ses meilleurs oeufs. Son objectif : dominer le monde ! Son plan implique l'utilisation de mystérieux " va-et viens ", capables de télétransporter instantanément ceux qui sont visés par les rayons. Mais l'un d'eux a disparu... Minivip et Supervip, réussiront-ils à s'unir - l'un avec sa force, et l'autre avec son intelligence - afin de déjouer ce plan et éviter l'invasion de la Terre ?

Una storia inedita di Minivip e Supervip scritta da Bruno Bozzetto diventa, con i meravigliosi disegni di Grégory Panaccione, un fumetto di duecentottanta pagine. Creato per la prestigiosa collezione francese Métamorphose, esce in Italia appena un giorno dopo la pubblicazione originale francese. Una razza aliena determinata a invadere la terra per sfuggire all'umidità del proprio pianeta, e solo l'eroica stirpe dei Vip può opporsi al malefico piano! Umore, azione, satira sociale, meta narrazione, inquinamento! Questo libro ha tutto! Un'edizione cartonata con il taglio delle pagine dipinto di rosso, la vernice UV spessorata e una finitura in oro a caldo strepitosa. La forma sarà all'altezza del contenuto e della leggenda di Bruno Bozzetto!

Sous couvert d'une connotation fantastique teintée d'humour décalé, Minivip & Supervipaborde, de manière enlevée et avec style, les thématiques de la différence, de l'entraide et de l'écologie. Terre. Pollution, 99,999%. Dans un temps où les automobiles dominant la planète, vivent les frères VIP, issus d'une souche glorieuse de super-héros dont le but a toujours été de protéger les opprimés. Supervip est beau, fort et invulnérable, tandis que Minivip est peu gâté par la nature, faible et vulnérable. Très loin d'eux, sur une planète nommée Sparky, sévit Sa Fertilité, qui depuis des années, a contribué à polluer la Terre afin de pouvoir y faire éclore 500 000 de ses meilleurs oeufs. Son objectif : dominer le monde ! Son plan implique l'utilisation de mystérieux « va-et viens », capables de télétransporter instantanément ceux qui sont visés par les rayons. Mais l'un d'eux a disparu... Minivip et Supervip, réussiront-ils à s'unir - l'un avec sa force, et l'autre avec son intelligence - afin de déjouer ce plan et éviter l'invasion de la Terre ?

A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume II delves into the decades following the Golden Age, an uncertain time when television series were overshadowing feature films, art was heavily influenced by the Cold War, and new technologies began to emerge that threatened the traditional methods of animation. Take part in the turmoil of the 1950s through 90s as American animation began to lose its momentum and the advent of television created a global interest in the art form. With a wealth of new research, hundreds of photographs and

film stills, and an easy-to-navigate organization, this book is essential reading for all serious students of animation history. Key Features Over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never-before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you're looking for

Provides information on the lives, costumes, weapons, and first appearances of superhero characters from comics, television, movies, and novels

I novant'anni dalla nascita di Mickey Mouse e gli ottanta da quella di Superman diventano un'occasione per riflettere sulla natura crossmediale degli eroi della mitologia contemporanea. Dal medium di partenza entrambi si sono diffusi rapidamente ad altri supporti, sviluppando nuove narrazioni e creando, tra la pagina e il grande schermo, le condizioni del loro successo. Un percorso seguito da tanti altri eroi dell'immaginario, compresi quelli dell'universo Marvel creato da Stan Lee. Oggi, nell'epoca della crossmedialità, della convergenza dei media e dei cinecomics, sembra naturale che esista uno stretto legame tra fumetto e cinema, che sussistano una serie di reciproche influenze. Tuttavia il pubblico si chiede ancora quale genere sia più "nobile", quale sia nato prima, se l'uno sia figlio dell'altro, o quanto l'uno dipenda dall'altro. Gli studiosi si sono lungamente impegnati nel tentativo di definire la natura di tale relazione, senza però mai analizzarne i codici con un rigoroso metodo comparativo. Un'operazione al centro di questo libro che, grazie all'ausilio di numerose illustrazioni, si pone come rinnovato momento di discussione e di critica e introduce anche la prima teoria per una semiologia del cinema d'animazione.
