Looks at mediation as it can be applied to resolving community and neighbourhood disputes. The book covers the history and theory of mediation practices before looking at how these can work in practice by analyzing the mediation process and examining detailed case studies. It goes on to look at the organizational structures which allow these processes to be delivered, from model structures and services to advice on recruitment and training. The book also examines practical issues such as the importance of equal opportunities in community mediation schemes, how to maintain standards and get accreditation, and how to maintain cost-effectiveness.

This book uncovers the distinguishing factors, advantages and disadvantages of the various processes in alternative dispute resolution. Chapter concepts are illustrated by examples and examples are followed by problem-solving activities that give opportunities to find potential solutions and develop reasoning abilities. Judicial options explore more difficult concepts, showing how the courts handle dispute resolution issues when the outcome is not certain. Web sites are cited for those seeking additional information, and a glossary and extensive index provide quick references. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This second edition guides principals through the process of creating a proactive, student-centered school safety program and offers new case studies, vignettes, and strategies.

Playing with Fire is a structured manual and training programme to help youth and conflict practitioners work with young people caught up in conflict and violence. All aspects of conflict are covered, from the initial igniting spark to the roaring blaze. The manual includes ideas and session plans that can be adapted to the needs of a particular group. Sessions include exercises and activities that explore situations of conflict, develop skills to deal with them, and rehearse techniques for future use. The training section outlines how to deliver the programme, including how to use role-play and work constructively with conflict in the training room. This second edition includes new sessions on working with issues of identity and prejudice and working with wider community issues, as well as new exercises and activities. Appendices include alternative session plans and ideas on games and group work exercises. This is a valuable guide for youth practitioners and all those working with young people who face conflict or violence.

Exploring and critiquing various methods of mediation, this innovative book critically develops a new explorative practice in the field. Considering ways in which mediators may influence disputing parties, especially in the workplace where mediators are paid to intervene, Explorative Mediation at Work questions the common claim that mediation is a neutral intervention. The difference between offering minimally intrusive support and acting to secure a containment and even suppression of workplace conflict is heavily dependent upon a mediator ’ s practices. At worst, engineering resolution may tarnish mediation ’ s reputation for impartiality. At best, mediation can win the trust of parties in conflict, facilitate a democratic engagement and be of real benefit to organizations. This book aims to demonstrate the latter in proposing a practice that supports parties to seek out dialogue from which relationships may be rebuilt and practical problems resolved.

Georgia Rules of Court Annotated provides a collection of rules of court and rules governing the conduct of the bench and bar in Georgia. The publication includes case annotations, references to Attorney General Opinions, law reviews, and other research sources deemed beneficial to the users of this product. Finally, for quick, efficient research, each rule set includes individual indexes for easy identification of material.

Barsky’s hands-on text provides the theory, skills, and exercises to prepare readers for an array of conflict situations. It encourages developing professionals to see themselves as reflective practitioners in the roles of negotiators, mediators, advocates, facilitators, and peacemakers. Readers will learn how to analyze conflict situations and develop theory-based strategies that can be used to intervene in an ethical and effective manner. Examples and exercises demonstrate how to apply conflict resolution skills when working with individuals, families, groups, organizations, and diverse communities. Conflict Resolution for the Helping Professions is the only current conflict resolution textbook designed specifically for social work, psychology, criminal justice, counseling, and related professions.
