However, a comprehensive and updated handbook or compilation on the history of interpreting - obviously a collective endeavor - remains to be completed. In my view, that work should include the generally overlooked proto-history of research by scholars from various disciplines, which goes back at least to the beginning of the 20th century.

The Routledge Handbook of Interpreting provides a comprehensive survey of the field of interpreting for a global readership. The handbook includes an introduction and four sections with thirty one chapters by leading international contributors. The four sections cover: The history and evolution of the field The core areas of interpreting studies from conference interpreting to interpreting in conflict zones and voiceover Current issues and debates from ethics and the role of the interpreter to the impact of globalization A look to the future Suggestions for further reading are provided with every chapter. The Routledge Handbook of Interpreting is an essential reference for researchers and advanced students of interpreting.

The Routledge Handbook of Translation and Technology provides a comprehensive and accessible overview of the dynamically evolving relationship between translation and technology. Divided into five parts, with

an editor's introduction, this volume presents the perspectives of users of translation technologies, and of researchers concerned with issues arising from the increasing interdependency between translation and technology. The chapters in this Handbook tackle the advent of technologization at both a technical and a philosophical level, based on industry practice and academic research. Containing over 30 authoritative, cutting-edge chapters, this is an essential reference and resource for those studying and researching translation and technology. The volume will also be valuable for translators, computational linguists and developers of translation tools.

Providing comprehensive coverage of both current research and practice in conference interpreting, the Routledge Handbook of Conference Interpreting covers both core areas and cutting-edge developments, which have sprung up due to the spread of modern technologies and global English. Consisting of 40 chapters divided into seven parts: Fundamentals, Settings, Regions, Professional Issues, Training and Education, Research Perspectives and Recent Developments, the Handbook focusses on the key areas of conference interpreting. This volume is unique in its approach to the field of conference interpreting as it covers not only research and teaching practice but also practical issues of the profession on all continents. Bringing together over 70 researchers in the field from all over the world and with an introduction by the editors, this is essential reading for all researchers, trainers, students and professionals of Conference Interpreting.

The Routledge Handbook of Translation and Cognition provides a comprehensive, state-of-the-art overview of how translation and cognition relate to each other, discussing the most important issues in the fledgling sub-discipline of Cognitive Translation Studies (CTS), from foundational to applied aspects. With a strong focus on interdisciplinarity, the handbook surveys concepts and methods in neighbouring disciplines that are concerned with cognition and how they relate to translational activity from a cognitive perspective. Looking at different types of cognitive processes, this volume also ventures into emergent areas such as neuroscience, artificial intelligence, cognitive ergonomics and human-computer interaction. With an editors' introduction and 30 chapters authored by leading scholars in the field of Cognitive Translation Studies, this handbook is the essential reference and resource for students and researchers of translation and cognition and will also be of interest to those working in bilingualism, second-language acquisition and related areas.

The Routledge Handbook of Translation and Ethics offers a comprehensive overview of issues surrounding ethics in translating and interpreting. The chapters chart the philosophical and theoretical underpinnings of ethical thinking in Translation Studies and analyze the ethical dilemmas of various translatorial actors, including translation trainers and researchers. Authored by leading scholars and new voices in the field, the 31 chapters present a wide coverage of emerging issues such as increasing technologization of translation, posthumanism, volunteering and activism, accessibility and linguistic human rights. Many chapters provide the first extensive overview of the topic or present new takes on established areas. The book is divided into four parts, with the first covering the most influential ethical theories. Part II takes the perspective of agents in different contexts and the ethical dilemmas they face, while Part III takes a critical look at central institutions structuring and controlling ethical behaviour. Finally, Part IV focuses on special issues and new challenges, and signals new directions for further study. This handbook is an indispensable resource for all students and researchers of translation and ethics within translation and interpreting studies, multilingualism and comparative literature.

The Routledge Handbook of Literary Translation provides an accessible, diverse and extensive overview of literary translation today. This next-generation volume brings together principles, case studies, precepts, histories and process knowledge from practitioners in sixteen different countries. Divided into four parts, the book covers many of literary translation's most pressing concerns today, from teaching, to theorising, to translation techniques, to new tools and resources. Featuring genre studies, in which graphic novels, crime fiction, and ethnopoetry have pride of place alongside classics and sacred texts, The Routledge Handbook of Literary Translation represents a vital resource for students and researchers of both translation studies and comparative literature.

The Routledge Handbook of Translation Studies and Linguistics explores the interrelationships between Translation Studies and Linguistics in six sections of state-of-the-art chapters, written by leading specialists from around the world. The first part, on the nature of language, translation and interpreting, begins by addressing the relationships between translation studies and linguistics as major topics of study in themselves before focusing, in individual chapters, on the relationships between translation on the one hand and semantics, semiotics and the sound system of language on the other. Part II is concerned with the nature of meaning and the ways in which meaning can be shared or semi-shared in texts pairs that are related to each other as first-written texts and their translations, while Part III focuses on relationships between translation and interpreting and the written and spoken word. In part IV, the users of language, and language in use in situations involving more than one language are covered, and in Part V technological tools that can assist language users are brought onto the scene. Finally, Part VI presents chapters on the links between areas of applied linguistics and translation and interpreting. With an introduction by the editor and an extensive bibliography, this handbook is an indispensable resource for advanced students of translation studies, interpreting studies and applied linguistics.

The Routledge Handbook of Translation and Pragmatics provides an overview of key concepts and theory in pragmatics, charts developments in the disciplinary relationship between translation studies and

pragmatics, and showcases applications of pragmatics-inspired research in a wide range of translation, spoken and signed language interpreting activities. Bringing together 22 authoritative chapters by leading scholars, this reference work is divided into three sections: Influences and Intersections, Methodological Issues, and Applications. Contributions focus on features of linguistic pragmatics and their analysis in authentic and experimental data relating to a wide range of translation and interpreting activities, including: news, scientific, literary and audiovisual translation, translation in online social media, healthcare interpreting and audio description for the theatre. It also encompasses contributions on issues beyond the level of the text that include the study of interpersonal relationships in practitioner networks and the development of pragmatic competence in interpreter training. Each chapter includes many practical illustrative examples and a list of recommended reading. Fundamental reading for students and academics in translation and interpreting studies, this is also an essential resource for those working in the related fields of linguistics, communication and intercultural studies.

The Routledge Handbook of Translation History presents the first comprehensive, state-of-the-art overview of this multi-faceted disciplinary area and serves both as an introduction to carrying out research into translation and interpreting history and as a key point of reference for some of its main theoretical and methodological issues, interdisciplinary approaches, and research themes. The Handbook brings together 30 eminent international scholars from a wide range of disciplinary backgrounds, offering examples of the most innovative research while representing a wide range of approaches, themes, and cultural contexts. The Handbook is divided into four sections: the first looks at some key methodological and theoretical approaches; the second examines some of the key research areas that have developed an interdisciplinary dialogue with translation history; the third looks at translation history from the perspective of specific cultural and religious perspectives; and the fourth offers a selection of case studies on some of the key topics to have emerged in translation and interpreting history over the past 20 years. This Handbook is an indispensable resource for students and researchers of translation and interpreting history, translation theory, and related areas.

The Routledge Handbook of Translation and Politics presents the first comprehensive, state of the art overview of the multiple ways in which 'politics' and 'translation' interact. Divided into four sections with thirty-three chapters written by a roster of international scholars, this handbook covers the translation of political ideas, the effects of political structures on translation and interpreting, the politics of translation and an array of case studies that range from the Classical Mediterranean to contemporary China. Considering established topics such as censorship, gender, translation under fascism, translators and interpreters at war, as well as emerging topics such as translation and development, the politics of localization, translation and interpreting in democratic movements, and the politics of translating popular music, the handbook offers a global and interdisciplinary introduction to the intersections between translation and interpreting studies and politics. With a substantial introduction and extensive bibliographies, this handbook is an indispensable resource for students and researchers of translation theory, politics and related areas.
