5.0 out of 5 stars The Vikings of the Irish Sea Reviewed in the United Kingdom on 5 May 2011 The title explains it all. An excellent new book on the history and effect of the Viking links with the North of England and Ireland over several centuries.

Vikings of the Irish Sea: Amazon.co.uk: Griffiths, David ...

Vikings began raiding islands and monasteries on the Atlantic fringes of Europe in the 790s. The Irish Sea rapidly became one of their most productive hunting-grounds. Attacks, battles and destruction were accompanied by trade - in slaves, silver and fine objects. Vikings crossed and re-crossed the Irish Sea in search of land, wealth and power.

The History Press | Vikings of the Irish Sea

After moving to places, such as the Irish Sea, the Vikings continued practicing their burial traditions, but not in the same way that they were conducted back in Scandinavia. Archaeologists are able to detect a trend towards a hybridization of traditions in which the Vikings are combining past ways with those from their new home.

The Vikings in the Irish Sea | The Mystery Of Their ...

An excellent new book on the history and effect of the Viking links with the North of England and Ireland over several centuries. David Griffiths analyses a mass of archaeological and historical evidence, including many recent discoveries, to produce a very readable and informative book.

Vikings of the Irish Sea: Synopsis, Ratings, Video Reviews ...

Olaf assumed leadership of the Vikings in Ireland, probably in some way shared with his kinsman Ivar, first mentioned in the Irish Annals in 857. Olaf and Ivar remained active in Ireland and around the Irish Sea for the next two decades. The descendants of Ivar, the Uí Ímair, would be an important political factor for the next two centuries.

History of Ireland (800–1169) – Wikipedia

This blog is about the general topic of my doctoral research, Vikings in the Irish Sea. I am a PhD student in the Department of History at the University of Liverpool. More specifically, my research focuses on the Vikings' manipulation of religion (both pagan and Christian) to gain power in the Irish Sea through the use of archaeological and historical sources.

~~Vikings Of The Irish Sea—dc-75e7d428e907.tecadmin.net~~

In the years that followed, the Vikings took their ships into the Irish Sea, for instance burning St. Patrick's Island just north of Dublin in 798 CE. These initial endeavours were carried out by no more than two to three ships at a time – hardly fleets stacked with countless Norsemen – in a hit-and-run fashion.

~~Vikings of the Irish Sea by David Griffiths | Waterstones~~

The Irish Sea is a unique area linking various cultures and populations that are similar, yet different. Brittonic- and Gaelic-speakers and Picts intermingled with each other, and the Vikings* partially integrated themselves into these groups.

~~November | 2016 | The Vikings in the Irish Sea~~

How do we know if the Viking burial or the Christian community was there first? This is why tracing the origins of a place is crucial to my research. For example, Carlisle, which is located in modern-day Cumberland, which was excavated and found to contain Roman artifacts, indicative of trade and inhabitation. [1]
