The VR2940 is a first-rate DVD player, too. Movie fans will love GoVideo's AutoPlay DVD feature, which automatically skips ads, movie trailers, and disc menus, jumping right to the start of the main attraction. Simply place the disc in the tray, press the play key, and the movie will start without interruption.

Discs formatted in "Video mode" are recorded in the DVD-Video format, which was approved by the DVD Forum in 2000. As a result, you may experience problems playing your discs in some older players. Symptoms include video artifacts, audio and/or video dropouts and playback suddenly stopping.

### GoVideo VR5940 User Manual

I tried Go Video the DVD+RW it came with (TDK) & Fujifilm DVD+RWs. I used it to copy VHS. The recording was horribly pixilated 30% in corners or even the whole screen & there was many times the sound went out with horrible squeaking using even SP speed. I tried recording off DishNetwork satellite w/S-Video & it came out fine using SP.
