## **The Move to Global War**

Global history is one attempt to face the challenges posed by these observations, and to overcome the two unfortunate birthmarks of the modern disciplines. It is thus a revisionist approach—even if it builds on a whole series of forerunners, for issues such as migration, colonialism, and trade have long been of concern to

Human migration involves the movement of people from one place to another with intentions of settling, permanently or temporarily, at a new location (geographic region). The movement often occurs over long distances and from one country to another, but internal migration (within a single country) is also possible; indeed, this is the dominant form of human migration globally.
