It has the same information contained in the Hardback 10th edition book..one thing I particularly like is the inclusion of 5.56 NATO service rifle data..The data itself is laid out in an easy to read format, with plenty of anecdotal information on the various cartridges as well as little tips and cautions..Hornady does not indicate the "most accurate" charge nor do they give the actual velocity, but this is all subjective to any particular rifle anyway, so not really a big deal.
