The 35 ton Yardmax log splitter went through it like a hot knife through butter. Very impressed at this stage. After the warm up I wanted to really test this machine out by putting some red oak through it that were 34 inches in diameter. 34 inch logs are quite big, so you know the Yardmax can handle even the biggest at this rate.

**The Best 35 Ton Log Splitters With Reviews**  
Our Huskee log splitter review is designed to give you good, quality, field tested opinions about the Huskee 22 ton log splitter and whether or not it's a good investment. I bought this hydraulic wood splitter from the Tractor Supply Company (TSC) in 2009.

**Huskee Log Splitter Review - Worth The Money?**  
Our log splitters vary from 5-ton to 37-ton, ensuring you have the power required to split your logs. We also carry an assortment of log splitter parts and log splitter accessories, too. We have log splitter pumps, grab skidding tongs, log splitter covers, log grabbers, and log stump grinders.

There is more than enough power in the Huskee 35 Ton Log Splitter to deal with the toughest of tasks. It's excellent for splitting pretty much any wood efficiently and economically. This Huskee log splitter is powerful enough to deal with the most challenging knot-filled wood, and yet is small enough to move around easily.

Just a simple review of my new log splitter. Using my modified 35 ton Huskee log splitter with custom built attached table for the first time • Duration: 11:01. Joe's Firewood Videos 5,083 views

**Huskee 35 ton log splitter**  
KNOW how to stop the log splitter and disengage the controls before operating it. NEVER place hands or feet between the log and splitting wedge during forward or reverse stroke. Serious injury or death could result. NEVER straddle or step over the log splitter during operation. NEVER reach or bend over the log splitter to pick up a log. NEVER try to split two logs on top of each other.
