International Trends in University Governance (2016 ...

International, hierarchical and market influences on Australian university governance By JEANETTE BAIRD This review of trends in university governance in Australia commences with the Federal Government's reshaping of the Australian higher education sector, starting in 1988 and concluding 25 years later with the universities now part of a heavily regulated quasi-market sector.

International Trends in University Governance

International trends to introduce greater competition between institutions, to encourage greater institutional differentiation and give greater play to market forces has led to an emphasis on leadership, a more systematic involvement of external stakeholders and a more 'corporate style of governance.

International Trends in University Governance - Michael ...

University governance trends include a professionalization of management, the creation of international excellence networks, and the establishment of interdisciplinary but specialized schools.

Global Challenges and Trends of University Governance ...

This chapter tries to identify the different trends in university governance and their underlying causes. Although it focuses on university trends in Europe, it makes reference to global trends and causes, such as digitalization, inter-connectivity of our societies, and growing international competition. In sum, the chapter argues that the digital evolution has led both to a changed approach to teaching as well as to growing global competition in the race to obtain the best talent.

Global Challenges and Trends of University Governance ...

Introduction and Background For the first time, in 2020, we see the focus on the "E" and the "S" of environment, social and governance (ESG) as the leading trend globally, including in the United States, where it traditionally has not received as much attention by boards. Indeed, many of the key global trends for 2020, [...]
