Ok, I have a John Deere LA115 Mower. It has about 125 hours on it and I have maintained it well until last year when it sat outside for the entire year. I moved and just had no place to put it. Now, it starts ok but the engine revs and slows at idle or under no load. When I engage the mower, the engine calms down and maintains a steady rpm.

## **How do I correct engine surging? - TractorByNet**

The John Deere LA115 is a lawn and garden tractor from the John Deere LA105-series. The John Deere LA115 garden tractor was produced at the factory in Greeneville, Tennessee, USA from 2008 to 2010. The John Deere LA115 tractor used an air-cooled single-cylinder four-stroke Briggs & Stratton 31 gasoline engine with vertical PTO-shaft.
