" Lawyers in Practice is an excellent and important addition to the existing resources on the ethical conduct of lawyers. It offers nuanced and textured analyses of lawyers' decisionmaking with regard to issues of ethics and professional identity, using the lens of the contexts in which lawyers practice to frame the discussion.

empirical research.
One of the many
strengths of this
collection is the
breadth of types of
legal subfields
examined, with the
authors arguing that
lawyers' ethical
behavior and norms
vary greatly by
context.

The book's editors, Leslie Levin and Lynn Mather, assembled an impressive group of scholars and practitioners who use empirical research to study ethical decision making by lawyers.

After introductory material, individual chapters examine the struggles of lawyers who work in particular practice areas. Each chapter considers psychological angles,
