The HEDIS®/QARR measures are used as performance tools to help monitor specific quality indicators throughout the year. To ensure accuracy and completeness of reporting, proper coding is key to improving quality performance for every individual HEDIS®/QARR measure! The Affinity Quality Management Department has developed HEDIS®/QARR Measure Coding Reference Guides to the tool kit as a resource to better understand proper coding requirements.

Affinity Health Plan

Affinity Health Plan is committed to improving patient health outcomes through partnerships with our providers. As you know, the HEDIS®/QARR measures set is used as a performance tool to help monitor specific quality indicators throughout the year. To that end, Affinity's Quality Management Department has developed HEDIS®/QARR measures "Tip Sheets" for providers and clinical staff to clarify the intent and requirements of each measure.
