Safeguarding Risk Assessment Tool - Template

A free online safeguarding tool. It can be challenging to work out whether your organisation is doing enough to keep children safe. We've developed a tool to help you assess what you're already doing well, and what you need to improve to make sure all the children who come into contact with your organisation are protected. The safeguarding self-assessment tool is designed to be used alongside our Safeguarding standards.

Safeguarding checklist | NSPCC Learning

Physical Abuse, Neglect, Emotional Abuse and Sexual Abuse Risk and Vulnerability Matrix The simplest approach to initial risk assessment is to reference the factors that create resilience or undermine it for children, and to map these along the risk and vulnerability matrix.

Risk Assessment Tools - Child Protection Guidelines

This risk assessment considers the needs of vulnerable pupils for safeguarding purposes to prepare for the wider reopening of schools. The format allows for the identification and recording of pupils within each Risk Category to enable schools to identify the relevant mitigating actions that are required to be put in place to meet their needs. Where relevant, schools should have input from all professionals involved when assessing individual risk to pupils and families.
