Service Engine Soon Light Nissan

Your Nissan vehicle comes equipped with a service light which reads "service engine soon." This light warns you that there is a problem with the vehicle's emissions control system. This system is very important as it regulates and controls the air to fuel ratio as well as a number of other vehicle functions. A free diagnostic scan can be done to diagnose the problem at most auto parts stores.

How to Reset the Service Engine Soon Light on My Nissan ...

The service engine soon light is often mistaken for the check engine light. The check engine light is a light to warn you to a possible issue with your exhaust system or emissions system. The service engine soon light can come on for minor issues like a loose gas cap, or for more major problems such as possible engine failure. Your Service Engine Soon Light Should Not Cause You to Panic. The light does say service engine soon, but you may not necessarily have to make any major repairs soon.

What Does the Service Engine Soon Light Mean on a Nissan ...

The "service engine soon" light indicates that the vehicle's on-board diagnostic computer has detected a problem with one of the car's systems. The computer processes input on system operating parameters while the car is active and illuminates the light if they fall outside of acceptable ranges. Advertisement. When the light is on, the computer contains a trouble code that states which system is malfunctioning, which can be read by a handheld reader that plugs into the dashboard.

What Does the Nissan "service Engine Soon" Light Indicate?

There are two methods for resetting the "service engine soon" light on a Nissan Altima. One method, which is the most convenient, is to use a code scanner, which you can purchase at any auto parts store. The code scanner will display the codes automatically and has an accompanying code sheet. There is also a manual way to display the codes and reset the computer -- you need to access a code sheet the decipher the codes.

How to Reset the Service Engine Soon Light on a Nissan ...

Service Engine Soon Light Meaning. If the 'Service Engine Soon' light comes on, it means that there is a minor problem with the electronics or the engine of your car. Some manufacturers use them as a check engine light for minor problems. It could also mean that it is time for a scheduled service, such as oil or spark plug replacement. Some manufacturers only have one indicator for both scheduled service and engine problems.

Service Engine Soon Light [How to fix it?] Meaning & Causes

The best way to determine why the check engine light in your Nissan came on is to stop by an authorized service center. However, if it's a steady, unblinking light, we do recommend checking the gas cap--especially if you've just filled up. A loose gas cap can cause the check engine light to turn on, as will a gas cap with a crack in it.

5 Things to Know About Your Nissan Check Engine Light in ...

This is how you find out why your Service Engine Soon (SES) light is on and how to reset it. No tools required! In car ECM Diagnostics/ECM Reset procedure: 1) Sit in the driver's seat. 2) Turn the ignition key to the ON position and wait three seconds. (Do not start the car.)
